AO Education

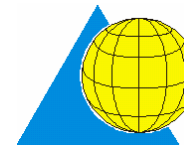

First Announcement

April 2nd – 4th, 2008
University of Malaya
Kuala Lumpur, Malaysia

AO Minimally Invasive Osteosynthesis Course

Jointly organized by:

AO Education

Malaysian Orthopaedic Association

UM

Dear friends,

As the local chairman of the 3rd AO MIO Course, it is my pleasure to welcome you to the AO MIO Course 2008 which will be held in Kuala Lumpur, Malaysia from 2nd to 4th April 2008. This is a yearly event which is designed for surgeons who are interested in advanced trauma surgery using the minimally invasive technique.

The course will feature a very structured educational programme: a series of lectures, case discussions, and practical workshops using the dry bone models and cadavers. The cadaveric workshop sessions will be equipped with image intensifiers in order to make it more practical. The course will be attended by many well known international AO faculties who have vast experience in minimally invasive osteosynthesis.

We will also be arranging social activities e.g. course dinner at the Kuala Lumpur Tower for everyone to have a spectacular night view of Kuala Lumpur. We also hope that this event will be used as a ground to strengthen old ties and to make new friends.

On behalf of the organizing committee, I would like to welcome you again to join the course.

Thank you.

Kwan, Mun Keong
Local Chairman AO MIO Course 2008
Kuala Lumpur, Malaysia.
