April 19 – 22, 2009

**Universiti Sains Malaysia, Kubang Kerian
Kota Bharu, Malaysia**

AO Course: Advances in Operative Fracture Management For Surgeons and ORP

Jointly organized by:

Malaysian Orthopaedic

USM

Welcome Message

Dear friends,

On behalf of AO education, local, regional and international faculty, we would like to invite you to participate in this Advance AO trauma course 2009 in Hospital Universiti Sains Malaysia, Kota Bharu, Kelantan. Over the years AO education has taught many surgeons and ORP from this region. Many has benefited from it. Since it's inception in 1958, AO has been very committed in the forefront of trauma education, training and new developments worldwide. Indeed it has become a "household" name in trauma education.

The main purpose of AO education is to improve the care given to the patients. We hope all of the participants will gain new knowledge during this entire course and it will be translated into the acquisition of new skills and understanding which you all can bring home and practice in your hometown. We also hope that as the result of this course you can create a new network of friends that you meet during the course. After the course you are welcome to create a long term relationship with the AO foundation through becoming a member of AO alumni.

Kota Bharu is a unique place, about 480 km from the capital of Malaysia Kuala Lumpur. It offers many things which are different from other parts of Malaysia. I hope you will find your time here in Kota Bharu is very enjoyable.

Yours sincerely

Ahmad Sallehuddin Yaacob
Local course chairman
