# Foreword

The Malaysian Arthroscopy Interest Group is a affiliation of Malaysian Orthopaedic Surgeons with deep interest in the field of Arthroscopy and Sports Injury. It is operating under the auspices of Malaysian Orthopaedic Association (MOA) as a Specialty Interest Group. MAIG plans to have regular meetings throughout the year, with programs like Weekend Circle Meetings, Seminars and Hands-On Workshops. We also plan to assist the MOA in organizing Arthroscopy and Sports related conferences in the future.

The Scientific Meeting in Kuala Lumpur this August serves as a platform to start the MAIG meetings for the year 2007. This meeting focuses on Updates on Knee and Shoulder Surgery and related topics, as well as showcasing a workshop on Arthroscopy techniques of The Shoulder with a Live Surgery session in Serdang Hospital. We also plan to invite commercial entities to showcase their latest technologies and techniques during the meeting. Do come over and spend some time in sunny Kuala Lumpur this August. Do also visit the MOA website at <http://www.moa-home.org> for the latest information on the meeting.
